Subject: Yerington Mine Site - Letter re Domestic Well Monitoring and Bottled Water Programs
[9 1 16 Letter to EPA re DWMP and BWP.pdf](#)

Dave – I'm forwarding the attached letter on Jack Oman's behalf. It summarizes completion of the Yerington City water system extensions to properties north of the mine site, and it requests confirmation from EPA that domestic well monitoring and bottled water deliveries can be discontinued for these properties and also for properties receiving treated water from the YPT system. Please contact Jack with any related questions.
